

Initialisation + quantisation against the reference and the baseline

	ground truth	reference (SS)	baseline (A0)	
Curaçao				not collected
IUI3 Red Sea				not collected
Japanese Gardens				not collected
Panama				not collected

Far-field crop of one held-out view per scene, seed 0. Each panel carries the PSNR and LPIPS of that view in that configuration, not the scene mean. An accent border marks a run that lost an attenuation channel.
